Welcome Message from the CEO

DEAR STUDENT,

It gives me great pleasure to warmly welcome you to the Australian College of Management and Innovation (ACMi). By choosing ACMi, you have taken an important step toward shaping your academic, professional, and personal future. We are honoured that you have entrusted us to be part of your educational journey.

We recognise that studying in a new environment, particularly as an international student, can be both exciting and challenging. That is why ACMi is committed to supporting you every step of the way. Our dedicated academic and support staff are here to guide you, whether it's adjusting to life in Australia, achieving academic success, or planning your future career pathways. ACMi is more than just a place of learning—it is a community. Here, you will study alongside peers from diverse cultural and professional backgrounds, creating an enriching environment where ideas are shared, friendships are built, and global perspectives are developed. We encourage you to embrace this diversity and actively participate in all aspects of college life. As a student at ACMi, you also carry responsibilities. It is important to familiarise yourself with your rights and obligations as outlined in this International Student Prospectus and to uphold the values of respect, integrity, and commitment that form the foundation of our institution. We are confident that your experience at ACMi will provide you with the knowledge, skills, and confidence to achieve your career ambitions and to contribute meaningfully to society.

On behalf of the entire ACMi team, I welcome you once again and look forward to seeing you grow, succeed, and graduate with pride. We wish you every success in your studies and your future endeavours.

ACMi is proud to announce, the college has been granted Full Accreditation for the Civil Construction and Design Course by Engineers Australia (Engineering Associate under the Dublin Accord), when delivered as a package i.e. RII50520 Diploma of Civil Construction Design and RII60520 Advanced Diploma Civil of Construction Design.

Warm Regards,

Muhammad Junaid Khan

Chief Executive Officer (CEO)

ABOUT AUSTRALIAN COLLEGE OF MANAGEMENT AND INNOVATION (ACMi)

The Australian College of Management and Innovation (ACMi) is a nationally recognised and registered training provider located in the heart of Perth, Western Australia. ACMi offers high-quality Civil Construction Design, Trade, Business, and Management programs designed to meet the growing demand of both the Australian and international job markets.

At ACMi, international students are given the opportunity to develop practical skills, industry knowledge, and simulated industry experience that position them for success. Our strong network of industry partners ensures that students gain valuable exposure to real-world practices through industry engagement, projects, and professional placements.

OUR VISION

To inspire learners in engineering, construction, business, and management education by fostering innovation, inclusivity, and industry-ready skills, empowering them to meet Australia's future workforce needs through practical and high-quality vocational training.

CORE VALUES

01. COLLABORATION
& TEAMWORK

02. PROFESSIONAL
INTEGRITY

03. INNOVATIVE THINKING
AND SOLUTIONS

04. CARE FOR THE
COMMUNITY AND
ENVIRONMENT

PRESTIGE OF ACMi

Registrations, Accreditations & Connections

ACMi is a CRICOS-registered provider (CRICOS NO: 03800K) and a Registered Training Organisation (RTO No: 45535) under the Australian Skills Quality Authority (ASQA).

When you enrol at ACMi, you join a dynamic institution recognised by the Australian Government and committed to compliance with:

- The Outcome Standards for NVR Registered Training Organisations 2025 (Cth)
- The National Code of Practice 2018 (NC) and Amendments.
- The VET Quality Framework
- The Education Services for Overseas Students (ESOS) Act 2000 and Amendments.
- The Australian Qualifications Framework (AQF)

This ensures that the training and qualifications you receive at ACMi are of the highest quality and nationally recognised.

Full Accreditation

Engineers Australia

Full Accreditation for the Civil Construction and Design Course by Engineers Australia (Engineering Associate under the Dublin Accord), when delivered as a package i.e. RII50520 Diploma of Civil Construction Design and RII60520 Advanced Diploma Civil of Construction Design.

Connections

Why Study at ACMi?

Study at ACMi to gain industry-relevant skills in a supportive and inclusive learning environment. With experienced trainers, practical training, nationally recognised qualifications, and strong student support services, ACMi prepares you for real career outcomes. Located in Perth, the college offers quality education designed to help you confidently progress toward your professional goals.

Fully Accredited by Engineers Australia (EA) for Global Recognition

Civil Construction Design course delivered as a package, i.e. RII50520 Diploma of Civil Construction Design and RII60520 Advanced Diploma of Civil Construction Design.

Prime Perth City Location

Located in the heart of East Perth, ACMi provides easy access to public transport, accommodation, and the vibrant cultural life of the city.

Class Sizes

We keep class sizes manageable to provide personalised attention, ensuring that each student receives the guidance and support they need.

Modern Learning Facilities

Our classrooms are fully equipped with the latest technology, including computer labs, free Wi-Fi and access to specialised software relevant to your course.

Affordable & Competitive Fees

ACMi offers excellent value for high-quality education, ensuring students can pursue their dreams without unnecessary financial burden.

Learning Community

With students and trainers from diverse cultural backgrounds, ACMi fosters a truly global learning community.

Engaging & Supportive Atmosphere

We promote a friendly, enjoyable, and professional environment where students feel comfortable, motivated, and inspired to succeed.

Student Support Services & Well-Being

ACMi blends classroom-based learning with online resources and comprehensive support systems to make your study journey flexible, safe, and successful. All student support and wellbeing services are provided free of charge.

Dedicated Student Support & Wellbeing

ACMi is recognised for offering one of the best student support systems in Perth. From the moment you enrol, our Student Services and Wellbeing Team is available to assist you with both academic and personal needs. Services include:

1. **Orientation Programs** – helping you settle into life and study in Australia.
2. **Academic Support** – study skills workshops, one-on-one tutoring, and assessment guidance.
3. **Wellbeing & Counselling Services** – confidential access to professional advice for stress, health, and wellbeing.
4. **Career Guidance** – resume support, job-seeking workshops, and industry networking opportunities.
5. **24/7 Emergency Assistance** – ensuring international students always feel safe and supported.

At ACMi, your wellbeing is our priority, so you can focus on achieving your academic and career goals with confidence.

Expert Trainers with Industry Experience

All our trainers are qualified professionals with real-world expertise who are passionate about sharing their knowledge and guiding students to success.

Industry Connections & Practical Training

Through projects, case studies, and engagement with industry experts, ACMi ensures students gain valuable workplace insights and hands-on skills.

Globally Recognised Qualifications

An ACMi qualification is nationally recognised in Australia and highly respected internationally, opening doors to employment and further study opportunities around the world.

Student Engagement & Social Activities

Sports, cultural events, excursions, and networking opportunities.

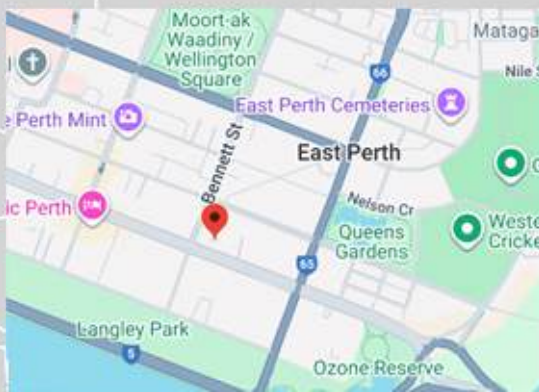

Australian College of Management and Innovation (ACMi) is where education meets industry, empowering you to achieve your goals and build a brighter future.

About Perth

Located on Australia's stunning west coast, Perth is a vibrant, safe, and multicultural city known for its beautiful beaches, sunny climate, and relaxed lifestyle. With a strong economy, modern infrastructure, and excellent public transport, Perth offers students a perfect balance of quality education, career opportunities, and an enjoyable living experience.

Location, Perth WA

With a highly skilled workforce, a safe environment, and a vibrant lifestyle, Perth offers the perfect study destination for international students seeking a balanced work, study, and life experience.

Transport in Perth

Perth has a world-class public transport system, making it easy and affordable for students to travel across the city for study, work, and leisure. Visit www.transperth.wa.gov.au for more details.

Why Choose Perth for Your Studies?

- Safe, friendly, and multicultural city
- High standard of living with affordable costs compared to other Australian capitals
- Abundant part-time work opportunities for students
- Easy access to beaches, parks, and cultural attractions

Benefits of Studying in Australia

English-Speaking Country

Australia is one of the largest English-speaking nations in the world and is located close to Asia, making it a popular destination for international students.

Ideal Location & Climate

Australia's geographical location provides a relatively mild, tropical-to-mediterranean climate with plenty of sunshine all year round.

Beautiful Scenery & Lifestyle

From stunning beaches to unique wildlife and vibrant cities, Australia offers students an unmatched lifestyle alongside their studies.

Post-Study Visa Pathways

Students with a Graduate Stream Visa (485 visa) are entitled to an 18-month full work right in accordance with the Department of Home Affairs Policy. Please check with DOHA for more information.

Communication Skills

Students live and learn in a welcoming, diverse environment, gaining exposure to different cultures and perspectives.

Student Work Rights

International students can work up to 48 hours per fortnight (average 24 hours per week) during study periods, helping them gain valuable work experience.

Protection for International Students

Under the ESOS Act, Australia guarantees quality assurance, academic standards, and student protection across all recognised education institutions.

ACMi Facilities

Main Campus - East Perth

2/150 Adelaide Terrace, East Perth, WA 6004

Our central Perth campus is designed to provide students with a modern, supportive, and engaging learning environment. Facilities include:

- Library & Learning Resources (Via LMS) - access to textbooks, journals, and digital resources.
- CAD Software - AutoCAD, Civil 3D, Revit, MS Project, etc.
- Student Lounge & Tea/Coffee Facilities - a welcoming space to relax and network.
- Recreational Facilities - group activities.
- Free High-Speed Wi-Fi - available throughout the campus.

Civil & Construction Design Lab

CAD software, surveying instruments, and modelling tools to support hands-on design training in civil and structural projects.

Trade Workshop Facilities

For Wall & Floor Tiling, Bricklaying and Blocklaying, ACMi provides fully equipped training workshops with tools, machinery, and materials that replicate real industry settings, ensuring students graduate job-ready.

CPC31320 Certificate III in Wall and Floor Tiling

CRICOS CODE:

116684C

PACKAGING RULES:

20 units of competency:

- > 17 core units
- > 3 elective units.

LOCATION:

Perth, WA Australia

This qualification provides a trade outcome in wall and floor tiling for residential and commercial construction work. The qualification has a core unit of competency requirements that cover common skills for the construction industry, as well as the specialist field of work, wall and floor tiling. Tilers work with materials like ceramic, glass, slate, marble, and clay. They cut these materials and lay tiles on walls and floors, both interior and exterior. They may also add decorative touches to their basic work.

COURSE DURATION

This course is delivered over a period of **96 weeks**. The course duration breakdown is given below:

80 weeks of scheduled study/tuition (8 terms of 10 weeks each)

16 weeks of scheduled breaks/holidays (8 breaks of 2 weeks)

OCCUPATION TITLES MAY INCLUDE:

- > Tiler
- > Wall and Floor Tiler

Note: Subject to availability due to high demand.

Scan Me

For up-to-date course details, core units and additional information.

CPC33020 Certificate III in Bricklaying and Blocklaying

CRICOS CODE:

116725K

PACKAGING RULES:

28 units of competency:

- > 20 core units
- > 8 elective units.

LOCATION:

Perth, WA Australia

This qualification reflects the trade-qualified role of a bricklayer, blocklayer, or paver who may have responsibility for undertaking heritage bricklaying, refractory bricklaying, bricklaying, blocklaying, and paving work in residential, industrial, and commercial contexts, in both existing and new constructions.

COURSE DURATION

This course is delivered over a period of **96 weeks**. The course duration breakdown is given below:

80 weeks of scheduled study/tuition (8 terms of 10 weeks each)

16 weeks of scheduled breaks/holidays (8 breaks of 2 weeks)

OCCUPATION TITLES MAY INCLUDE:

- > Bricklayer
- > Blocklayer
- > Paver

Note: Subject to availability due to high demand.

BSB50120 Diploma of Business (Operations)

CRICOS CODE:

106897F

PACKAGING RULES:

12 units of competency:

- > 5 core units
- > 7 elective units.

LOCATION:

Perth, WA Australia

Scan Me

For up-to-date course details, core units and additional information.

BSB50120 Diploma of Business (Operations) This qualification reflects the role of individuals in a variety of Business Services job roles. These individuals may have frontline management accountabilities.

Individuals in these roles carry out moderately complex tasks in a specialist field of expertise that requires business operations skills. They may possess substantial experience in a range of settings, but seek to further develop their skills across a wide range of business functions.

COURSE DURATION

This course is delivered over a period of **52 weeks**. The course duration breakdown is given below:

40 Weeks of scheduled study/tuition

12 Weeks of scheduled breaks/holidays

Note: Subject to availability due to high demand.

BUSINESS COURSES

BSB60120 Advanced Diploma of Business

CRICOS CODE:

106898E

PACKAGING RULES:

10 units of competency:

- > 5 core units
- > 5 elective units.

LOCATION:

Perth, WA Australia

BSB60120 Advanced Diploma of Business reflects the role of individuals in a variety of Business Services job roles. These individuals may have general management accountabilities.

Individuals in these roles carry out complex tasks in a specialist field of expertise. They may undertake technical research and analysis and will often contribute to setting the strategic direction for a work area.

Conversely, it may also apply to those with little or no vocational experience, but who possess sound theoretical business skills and knowledge that they would like to develop in order to create further educational and employment opportunities.

The course covers a range of competencies essential for management processes and effective leadership in an organisation and it helps develop communication skills to support individuals and teams to meet organisational or enterprise requirements. Learners will also develop skills and knowledge in managing teams, work relationships, continuous improvement, professional development, and workplace learning.

COURSE DURATION

This course is delivered over a period of **52 weeks**. The course duration breakdown is given below:

40 Weeks of scheduled study/tuition

12 Weeks of scheduled breaks

Note: Subject to availability due to high demand.

Scan Me

For up-to-date course details, core units and additional information.

RII50520 Diploma of Civil Construction Design

CRICOS CODE:

107304F

PACKAGING RULES:

20 units of competency:

LOCATION:

Perth, WA Australia

RII50520 Diploma of Civil Construction Design Qualification reflects the role of individuals working as designers or design paraprofessionals who support professional engineers. They perform tasks involving a high level of autonomy and requiring the application of significant judgement in planning and determining the selection of equipment/roles/techniques for themselves and others. They are required to develop site specific work designs to ensure the implementation of the client's site requirements. They demonstrate the application of a broad range of technical, managerial, coordination and planning skills.

Students will learn the calculation, estimation and foundation measurement of civil construction projects. Students will also get an opportunity to establish required skill and knowledge in relation to detail drafting, technical specification and bills of quantities for the building projects.

COURSE DURATION

This course is delivered over a period of **65 weeks**. The course duration breakdown is given below:

55 Weeks of scheduled study/tuition

10 Weeks of scheduled breaks/holidays

OCCUPATION TITLES MAY INCLUDE:

- > Civil Engineering Design Draftsperson
- > Plumbing Engineering Draftsperson
- > Road Design Draftsperson
- > Sewage Reticulation Drafting Officer
- > Structural Engineering Drafting Officer

Note: Subject to availability due to high demand.

BSB80120 Graduate Diploma of Management (Learning)

CRICOS CODE:

108557K

PACKAGING RULES:

8 units of competency:

- > 3 core units
- > 5 elective units.

LOCATION:

Perth, WA Australia

This qualification reflects the role of individuals who apply highly specialised knowledge and skills in the field of organisational learning and capability development. Individuals in these roles generate and evaluate complex ideas. They also initiate, design and execute major learning and development functions within an organisation. Typically, they would have full responsibility and accountability for the personal output and work of others. This qualification may apply to leaders and managers in an organisation where learning is used to build organisational capability. The job roles that relate to this qualification may also include RTO Manager and RTO Director.

COURSE DURATION

This course is delivered over a period of **104 weeks**. The course duration breakdown is given below:

80 Weeks of scheduled study/tuition

24 Weeks of scheduled breaks/holidays

Enrolment Application Process – ACMi

1

APPLICATION FOR ENROLMENT

Complete **ACMi** Online Enrolment Form or apply through one of our registered Education Agents.

2

LETTER OF OFFER

If your application is successful, **ACMi** Admissions will send you a letter of offer within 1–5 working days.

3

ACCEPTANCE OF OFFER

Confirm your enrolment by,

- Signing and returning the Acceptance of Offer Agreement
- Paying the deposit as outlined in your offer letter

4

CONFIRMATION OF ENROLMENT (CoE)

Once we receive your signed agreement and payment, **ACMi** will issue your CoE within 1-5 working days. Your CoE will be emailed to you/or your appointed agent, enabling you to proceed with your Student Visa Application.

Supporting Documents Required for International Student Applications

To Apply for Courses at ACMi

When applying to study at ACMi, international students must provide certified copies of the following documents:

1. Passport (photo identification page)
2. Evidence of English Language Proficiency (**IELTS, PTE, TOEFL, or Equivalent Test Results**)
3. Academic Transcripts and Certificates from high school and/or any qualifications completed after high school
4. Australian Visa (if currently held)
5. All previous and current CoEs (Confirmations of Enrolment) - if you are already studying in Australia
6. Recognition of Prior Learning (RPL) / Credit Transfer Applications (if applicable):

- A. Previous and current academic testimonials
- B. Statements of attainment and academic records
- C. Resume/CV outlining work experience
- D. Letters or references from schools, training providers, or employers

7. Overseas Student Health Cover (OSHC) (if you already have a valid policy)

THE ACMi'S EXPERIENCE IN THEIR WORDS

My name is Severine and I'm from France. I've truly enjoyed my experience here and absolutely love my teacher. I highly recommend ACMi to anyone looking for quality courses.

Hello, I'm Tshering from Bhutan. I've been studying at ACMi for almost a year, and the experience has helped me build valuable professional skills for my future business. I highly recommend it to everyone!

Hi, my name is Hamza, and I'm from India. I'm very happy to be studying at ACMi – it has exceeded my expectations, and I look forward to the future opportunities this valuable experience will bring.

Australian College
of Management
and Innovation

My name is Michelle from the Philippines. I chose ACMi because it is the most affordable option in Perth. My experience so far has been good – the assessments are manageable, finishing is easy, and I can balance my studies with work.

Hi, my name is Prashant from Nepal. I've been studying at ACMi for over 1.5 years. ACMi offers strong technical learning through detailed units, field visits, and practical training, all in a convenient central location.

I'm Junaid from Rawalpindi Pakistan. I joined ACMi for Civil Construction Design and found it excellent in quality education. I've recommended it to my friends for the same reason.

Hello everyone, my name is Haoran and I'm from Harbin, China. I've just started my studies at ACMi, and it has been an exciting experience so far. I really appreciate how dedicated and responsible the teachers are.

IMAGINE THI

Hi, my name is Valeska from Chile. I chose ACMi because it is highly recommended for its excellent training and quality in the field of civil construction, and I've found Perth to be a charming and welcoming city.
